

**CUSTOMER SERVICE STRATEGY | 2013-2014
IMPLEMENTATION PLAN**

Customer Service Strategy 2013-2014 Implementation Plan

The Customer Service Strategy aligns our customer service commitment with our customer service vision, guiding principles, guidelines, resource allocation, and this approved implementation plan. These will establish the **Customer One Program** as the customer service standard for the City of Brantford.

This Implementation Plan elaborates on the strategies presented in the Customer Service Strategy and identifies the timeframe for actions. We have already made progress on some of the strategies and are moving forward with the remaining actions as we work toward customer service excellence.

The status of the actions in this implementation plan are current as at June 2014.
